To: CSA Utilities and Supply Customers

For over 75 years, Central Service Association and Weatherall Printing Company have enjoyed a mutually advantageous relationship with regard to printed forms and supplies. Weatherall Printing Company has printed and warehoused forms useful in our business, thus assisting us in our obligation to have a source of these forms and supplies available to you.

Weatherall Printing Company directly bills you, our customers, for the forms and supplies furnished by Weatherall Printing Company. CSA will continue to receive and coordinate your orders; or if you desire, your order may be sent directly to Weatherall Printing Company for processing. As in the past, CSA will continue to advise and consult with Weatherall Printing Company as to the design and availability of appropriate forms.

Sincerely,  
Central Service Association

Scott Blassingame  
General Manager

**PROOFS**

On some forms that are customized for you, we will email a proof for your approval. Don't rely on your memory! Compare your proof with your original. After you have checked the proof carefully, please communicate back any changes or your approval to proceed with printing.

**DISCONTINUED UTILITY FORMS**

Many old utility forms have been discontinued and are no longer available for quick shipment. If you have an old form which you need printed, email it to us with any special printing instructions. We will be happy to print the form for you.

**SHIPPING CHARGES**

Most utility forms are sent via UPS regular ground service unless specified differently by you. Shipping charges will be added to your invoice.

Unless specified in the forms description, utility forms are not customized with the utility name. If you would like a particular form customized with your utility name and/or address, please provide us with instructions. A customizing charge will be added to the price of the form.

Your utility's logo can be added to your forms for an additional charge.
